Teleos Coaching Essentials Program for Education Leaders

Teleos coaching programs aren't just about what you learn but about who you become along the way.

In this program, you will:

- Develop the ability to lean into coaching as a component of your leadership
- Take time to reconnect with your vision and purpose, and develop greater awareness of self
- Join a community of other education leaders to connect, build relationships, and collaborate
- Take time to reflect and build renewal practices
- Learn a framework for coaching
- Learn how adults change and overcome resistance to change
- Build coaching practices you can incorporate into your daily work
- Receive rigorous coaching practice with “real time” feedback from faculty as well as group and 1:1 mentoring
- Receive a coaching handbook with templates and exercises
- Fulfill the education requirements for coaching certification

Program Summary

The Teleos Coaching Essentials Program for Education Leaders is a great way to bring the strengths of coaching into your leadership. This course combines the mechanics of coaching as well as the leadership and personal development required to be an excellent coach and a more effective leader.

ACSTH

60 HOUR PROGRAM

At Teleos, we believe great coaches embody and practice core competencies that can be learned quickly but take a lifetime to master: the ability to build strong relationships and create trust, the ability to ignite change by creating a compelling vision for the future and the ability to use observation, inquiry and personal presence to support people as they grow and change. Because we believe effective coaches and leaders are self-aware, this course is grounded in Emotional Intelligence, self-awareness and resilience.

2023 DATES

In-person

Week 1: July 24-27, 2023

Week 2: January 24-26, 2024

"The Coaching Essentials program creates the space for the radical act of self-care for education leaders. It is rooted in the idea that leaders need to love themselves through self-reflection as a means for their own growth in order to support the growth of others."

2023 Program Details

The Teleos Coaching Essentials Program for Education Leaders brings together education leaders from across the country, and from across all levels of school, network, and district leadership. This diverse group is united by their desire to use coaching in their leadership to build more resonant relationships and nurture the growth necessary to build collaborative and high-functioning teams. These leaders support staff to be their most powerful selves, with the focus of their work centered on student well-being, wholeness, and achievement.

This 6-month program includes two in-person workshops at Teleos Leadership Institute, located just outside Philadelphia. The first workshop is 4 days in July, and the second is 3 days in January 2024. In between, you'll work with faculty to implement and practice what you're learning through group mentoring and one-on-one check-ins. The faculty for this course include coaches who have worked as education leaders and have experience working with leaders in a coaching capacity at all levels of education.

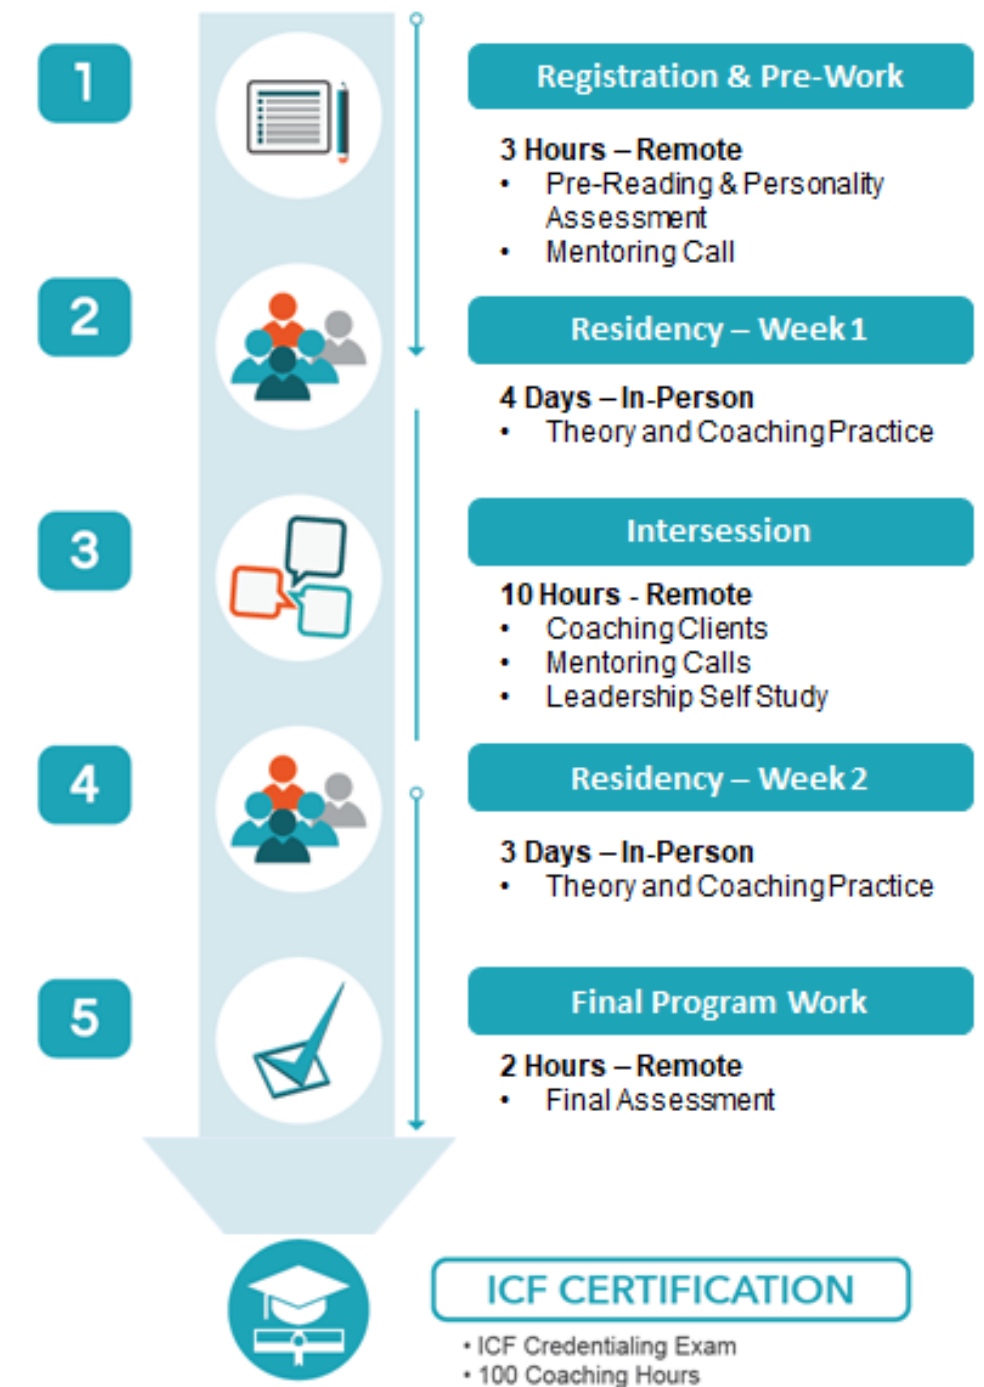

Fee: \$6,000

Teleos Coaching Essentials Program: FAQ's

I'd like to use more coaching in my leadership but I don't want to be a full time coach. Is this program still for me?

Yes! This program is for education leaders who want to use coaching techniques to support their teams. Specifically, this program is for you if you want to improve your ability to build strong relationships and use observation, inquiry, and personal presence to build collaborative teams and support people as they grow and change.

After I complete this program, will I be certified?

This program provides you with everything you need to apply for ACC level certification with the ICF. ACC-level certification requires at least 60 hours of coach training as well as 100 hours of coaching practice. The coaching you do alongside this program can count towards your 100 hours.

I work in a district office, as a charter school principal, in the central office of a large CMO, as a public school principal, as a superintendent - is this program for me?

Yes! The skills you'll learn are applicable to school buildings, across school networks, and with teams supporting schools. In addition, the community you'll build through this program will help expand your perspective and strengthen your networks.
